**INFORMATION DISCLOSURE STATEMENT**

In order to ensure compliance with the applicant's duty of disclosure under 37 C.F.R. §1.56 and §1.97(a)-(d), Applicant hereby submits this Information Disclosure Statement.

This Information Disclosure Statement is being filed pursuant to 37 C.F.R. §1.97(c)(1). The references listed in the annexed Form PTO-1449 were cited in a March 20, 2007 official action in connection with a counterpart Japanese patent application. A copy of the March 20, 2007 Japanese official action is also enclosed herewith. Each reference listed in the Form PTO-1449 annexed to this Information Disclosure Statement was first cited in any communication from a foreign patent office in a counterpart foreign application not more than three months prior to the filing of this Information Disclosure Statement. Other references (JP8-314272, JP8-171281, JP64-52181, JP5-232810, JP4-87901 and JP9-106156) cited in the Japanese official action were submitted with the Information Disclosure Statement filed on March 23, 2004 and therefore are not being listed on the Form PTO-1449 annexed hereto. Additional references (JP6-175490 and JP61-59464) cited in the Japanese official action were submitted with the Information Disclosure Statements filed on March 15, 2007 and May 15, 2007, respectively.

A translation of the attached communication from the Japanese Patent Office is available to the USPTO through the Dossier Access System. Should the translation be unavailable, the Examiner is requested to contact the undersigned to assure that appropriate information is available for consideration.

It is respectfully requested that the information cited in the annexed Form PTO-1449 be considered by the Examiner in connection with the above-identified patent application, and that such art be made of record in said application.

The citation of the listed items is not a representation that they constitute a complete or exhaustive listing of the relevant art or that these items are prior art. The items listed are submitted in good faith, but are not intended to substitute for the Examiner's search. It is hoped, however, that in addition to apprising the Examiner of the particular items, they will assist in identifying fields of search and in making as full and complete a search as possible.

The filing of this Information Disclosure Statement is not an admission that the information cited herein is, or is considered to be, material to patentability as defined in 37 C.F.R. §1.56(b).

According to the August 5, 2003 OG Notice published by the Patent and Trademark Office, the Office has waived the requirement under 37 C.F.R. §1.98(a)(2)(i) for submitting a copy of each cited U.S. patent and each cited U.S. patent application publication for all U.S. national patent applications filed after June 30, 2003 and for all international application that have entered the national stage under 35 U.S.C. §371 after June 30, 2003.

Accordingly, copies are submitted herewith for only references listed on the annexed Form PTO-1449 that are not a U.S. patent or U.S. patent application publication.

The Patent Office is hereby authorized to charge any fees that are required for consideration of this Information Disclosure Statement and to credit any overpayment to our Deposit Account No. 03-3125.

Respectfully submitted,
